

RELEASE CLEANER

POWERFUL RELEASE CLEANER FOR STAMPED CONCRETE

DESCRIPTION

RELEASE CLEANER is colourless and odourless material blend of surfactants and acid solutions. It is specially designed as a releaser cleaner for stamped concrete. It also can be use to remove rust, scale, lime, hard water deposits and grease.

BENEFITS

- Powerful remover of rust, scale and lime
- Effective remover of grease and hard water deposits
- Safe to use on stainless steel, fiberglass and chrome

RECOMMENDED APPLICATION

RELEASE CLEANER is designed, formulated and manufactured as a release cleaner for stamped concrete and can be used as a multi surface acid cleaner for industrial, commercial and housing

TECHNICAL INFORMATION

Specific Gravity:	1.02 ± 2 g/cm ³	Solubility in Water:	Soluble
Viscosity:	10 ± 2 secs	Appearance:	Clear Liquid
Solids (PBW):	Approx. 7%	pH:	0 - 1
Coverage:	9 – 10 m ² /L (diluted with water)		

COVERAGE RATES

9 – 10 m²/L (Depends on substrate porosity and texture, and application method).

INSTRUCTIONS FOR USE

MIXING: The concentrated cleaner must be diluted prior to use. For most applications, dilute the **RELEASE CLEANER** with water depending on the severity of the materials to be removed.

APPLICATION: Wet and spread concrete surfaces with the **RELEASE CLEANER** (diluted with water). By using a broom, remove any materials and dirt, then rinse the surface until properly clean.

PLEASE NOTE: It is always recommended to test the product in a small, inconspicuous area (on the same concrete substrate) for desired results prior to application. Coverage rates may vary depending on porosity, density and texture.

PACKAGING

Available in 20 L

STORAGE & SHELF LIFE

Containers should be sealed and tightly closed and sealed upright. **RELEASE CLEANER** has a shelf life of up to 1 year from the date of production in it's original, sealed, unopened container.

SAFETY/ FIRST AID

It is recommended that personal protective clothing should be worn including overalls, impervious gloves and goggles. Avoid unnecessary skin contact and inhalation. Use a suitable respirator if spray applied. Eye contact - irrigate immediately and very thoroughly with clean water for at least 15 minutes. Seek medical aid if irritation occurs. Skin contact - wash immediately and thoroughly with water.
